about us

United Mahaba General Contracting Company (UMCC) was established to be a leading force in the contracting and infrastructure sector. Our company is founded upon a strong, cumulative sectoral experience of over seven years in the field, which has allowed us to achieve a prominent position and become a trusted partner for executing major projects. We rely on solid scientific foundations and innovative solutions to fuel our limitless ambition towards excellence and qualitative achievements. Thanks to our flexible strategy, which balances high quality with administrative efficiency, we have become the optimal choice. For us, success is measured by the quality of our partnerships and the trust of our clients, preceding the size of the project itself, enabling us to deliver achievements that reflect renewed professionalism and boundless ambition.

Vision

Successful planning, precise execution, innovative performance, high quality, and unwavering credibility are the golden standards that govern our operations. These core principles form the foundation of our strategy, allowing us to continuously reinforce our leadership in providing integrated services within the general contracting sector

UNITED MAHABA FOR CONTRACTING CO.

objective

Our core goal is to establish an integrated and stimulating work environment dedicated to investing in our highest human expertise.

We strategically empower this talent using the latest scientific and engineering technologies applied globally, ensuring precise alignment with the Saudi market's evolving needs and demands.

Ultimately, this commitment enables our vital contribution to the comprehensive development and progress witnessed across all sectors in the Kingdom of Saudi Arabia.

values

At Al Mahaba United, client satisfaction is our foremost priority. The following principles form the cornerstone of everything we do: Superior Quality, Professionalism, Credibility and Integrity, Transparency and Clarity, and Innovation and Creativity.

We also place critical importance on speed of performance and execution, alongside the continuous development of our technical and administrative staff skills within the company. This strategic alignment of our core values and the enhancement of our team's capabilities is our primary driver to become one of the leading major companies in the heavy equipment sector across the region.

Heavy Equipment Renta

Construction Equipment Repair

Bridge Maintenance (Expansion Joints)

Public Safety

At UMCC, safety is a core responsibility, not just a regulatory requirement. We are committed to implementing the highest safety standards on all excavation sites through ongoing staff training, certified equipment, and daily monitoring of workplace risks. We strive to provide a safe working environment for everyone by strictly enforcing the use of personal protective equipment, clearly marking hazardous areas, and applying robust reporting procedures for incidents and potential hazards. Our goal is for every member of our team and partners to return home safely at the end of each working day.
